Title of Project:	Strategies for Using Information Technologies for Curbing Public-Sector Corruption: The Case of the Czech Republic
Type of Product (e.g., Book, Paper, Documentary Film, Serial Article):	Research Paper, Policy Paper
Précis of 100 Words or Less:	This is a research on corruption and the possible employment of information and communication technologies (ICTs) in curbing it. The research primarily concentrates on corruption and ICTs in the Czech Republic (CR). However, the final policy recommendations are formulated in a way that makes them applicable not only in the CR, but also in other East European countries.
